## Pink Bubbly Celebration

Perfect for a bridal shower or bachelorette party, this air-fill design features a fun Microfoil Shape and coordinating zebra-print latex balloons. Clear "bubbles" – made with Quick Links – increase the perceived value.

**Estimated Cost:** \$9

**Labor:** About 20 minutes

**Suggested Retail Price:** \$30-\$40

### Instructions:

1. Inflate two 11-inch Onyx Black latex to 8 inches and tie into a pair. Repeat to make a second pair. Twist the two pairs together to make a four-balloon cluster. Tie the weight to the cluster.
2. Make a 4-balloon cluster with 11-inch "Zebra Stripes" latex inflated to 8 inches. Tie this cluster onto the previous cluster, rotating it so it nests.
3. Make a four-balloon cluster with 5-inch Onyx Black latex inflated to 4.5 inches. Tie this cluster onto the previous cluster, rotating it so it nests.
4. Air inflate the 39-inch Microfoil. Roll up and tie the neck with a length of ribbon, then tie the Microfoil into the clusters at the base.
5. Place two balloon tabs back-to-back on the top seam of the Microfoil, and reinforce with packaging tape. Tie a length of ribbon through the tabs.
6. Make a four-balloon cluster with 5-inch Diamond Clear latex inflated to 4.5 inches. Tie this cluster onto the tabs.
7. Inflate a 12-inch "Zebra Stripes" Quick Link to 8 inches and tie into the cluster from Step 6.
8. Make a four-balloon cluster with 5-inch Wild Berry latex inflated to 3.5 inches. Tie this cluster onto the tip of the Quick Link.
9. Air inflate the 18-inch Microfoil Heart. Roll up and tie the neck with ribbon, then tie into the cluster from Step 8. TIP: Offer to personalize the Microfoil Heart to add more value.
10. To make the bubbles, create a chain of five 6-inch Quick Links, inflating each one slightly smaller than the last. Repeat to make three more identical chains. Tie the chains into two loose pairs, then wrap through the 4.5-inch Diamond Clear cluster.
