- 2 Scrap 260Qs
- Nylon Line/Fishing Line 79" (2 meters) 76824
- Stretchy® Balloon Tape 32119
- Balloon Weight

INSTRUCTIONS

1. Double-stuff all 5" and 11" balloons, putting the color balloons into the White balloons using a thin balloon straw or stick. Air-inflate 5" balloons organically, and tie into ten 3-balloon clusters, and three 4-balloon clusters. Be sure to mix the colors, so every cluster includes a Pale Blue, Dark Blue and Wintergreen balloon (for the 4-balloon clusters, use an additional Wintergreen, Pale Blue, and Dark Blue for each).
2. To create the organic garland, wrap the clusters onto the fishing line using a figure-8 with the line, following this pattern with the clusters: 3 3 3 4 3 3 3 4 3 3 4 3
3. Air-inflate the double-stuffed 11" balloons to 8" (20cm) and create a 4-balloon cluster.
4. Air-inflate both the 18" "Baby Blue Stripes" and 9" "Baby Blue Stripes" and heat seal the neck of the 9". Roll the neck of each and tie with a 260Q.

Estimated Cost: \$12.50

Labor: About 30 minutes

Suggested Retail Price: \$40-\$100

5. Place the organic garland on a flat work space. Tie the 18" "Baby Blue Stripes" Microfoil balloon into the second 3-balloon cluster using the 260Q. Tie the 11" cluster under the garland.
6. Wrap the garland around the 18" Microfoil balloon. Pull the fishing line straight and wrap around the foil until it reaches the beginning of the garland, then tie to the other end. Use Stretchy Balloon Tape to secure the fishing line to the foil. Place the remaining 5" cluster on the right side between the foil and fishing line.
7. Use a piece of Stretchy Balloon tape and a 260Q on the side to attach the 9" "Baby Blue Stripes" Microfoil at the bottom.
8. Create a duplet totalling 6" (26cm) with the remaining double-stuffed 5" Dark Blue latex and 5" Wintergreen latex, and tie into the front of the 11" cluster to further enhance organic look.
9. Inflate seven 7" Chrome Gold latex balloons to 7", then let the air out of each slightly until it is round and sized to preference. Tie each throughout the garland as accents.
